

PubSubEvent< Song >

```
classDiagram
    class PubSubEvent {
        < Song >
    }
    class MusicPlayerMVVM {
        Events {
            AddSongEvent
        }
    }
    MusicPlayerMVVM --|> PubSubEvent
```

The diagram illustrates a class hierarchy. At the top is a class box for 'PubSubEvent< Song >'. It has a title bar with the text 'PubSubEvent< Song >' and two empty rectangular compartments below it. At the bottom is a class box for 'MusicPlayerMVVM.Events.AddSongEvent'. It has a title bar with the text 'MusicPlayerMVVM.Events.AddSongEvent' and two empty rectangular compartments below it. A blue arrow with an open triangular head points from the top of the 'MusicPlayerMVVM.Events.AddSongEvent' box to the bottom of the 'PubSubEvent< Song >' box, indicating that 'MusicPlayerMVVM.Events.AddSongEvent' inherits from 'PubSubEvent< Song >'.
